Overview

Academic Libraries Overview

Welcome to the IPEDS Academic Libraries (AL) survey component. The purpose of the AL component of IPEDS is to collect information on library collections, library staff, library expenses, and library services for libraries in degree-granting postsecondary institutions.

Data Reporting Reminders

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

- Report all data for fiscal year (FY) 2023. Fiscal Year 2023 is defined as the most recent 12-month period that ends before October 1, 2023, that corresponds to the institution's fiscal year.

Changes to reporting for 2023-24:

There are no changes to this survey component.

Coverage

Include data for the main or central academic library and all branch and independent libraries that were open all or part of the Fiscal Year 2023. Branch and independent libraries are defined as auxiliary library service outlets with quarters separate from the central library that houses the basic collection. The central library administers the branches. Libraries on branch campuses that have separate IPEDS unit identification numbers are reported as separate libraries.

Source	Description	Severity	Resolved	Options
Screen: Collections/Circulation/Interlibrary Loan Services and Staff				
Screen Entry	The number entered (805,090) is outside the expected range of between 357,861 and 664,599 compared to the prior year value. Please correct your data or explain. (Error #15015)	Explanation	Yes	
Reason	ACRL data is asking us to include our electronic government documents as part of our ebook collections. This number does not include any discovery records for PDA/DDA ebook titles.			
Screen Entry	The calculated value (1,205,442) is outside the expected range of between 623,719 and 1,158,335 compared to the prior year value. Please correct your data or explain. (Error #15027)	Explanation	Yes	
Reason	This is due to including our electronic government documents as part of our ebook collection. We also saw small increases to our online media and electronic serials holdings during this fiscal year.			
Screen Entry	The number entered (237) is outside the expected range of between 859 and 1,593 compared to the prior year value. Please correct your data or explain. (Error #15015)	Explanation	Yes	
Reason	In order to free up more physical space in the library building, we did a major deselection of our print serial collection. We removed any redundant print serials in favor of only an electronic subscription.			
Screen: Expenses				
Screen Entry	Your response to whether staff fringe benefits are paid out of the library budget is expected to be the same as your response in the prior year Academic Libraries survey. Please correct your data or explain. (Error #15014)	Explanation	Yes	
Reason	The campus decided to move centralized fringe benefit costs to the individual colleges, departments and library so it is now part of our budget.
