Overview

Finance Overview

Purpose

The purpose of the IPEDS Finance component is to collect basic financial information from items associated with the institution's General Purpose Financial Statements.

There are a few new changes to the 2016-17 Finance data collection:

- •For all institutions, the expense matrix has been removed and expenses are collected by functional and natural classification categories separately, except for salaries and wages.
- •For GASB institutions, fields to collect deferred outflows and inflows of resources separately from current assets and liabilities to comply with GASB 63 have been added.

Please review the new screens and survey materials carefully.

Summary

Finance Survey Summary

User ID: P1265801

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the Data Center and sent to your institution's CEO in November 2016.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
